Test Ingrid Dethloff am 2.12.2023: Generieren und Ändern nur per Texteingabe. Standard-Output 1024x1024px

Beispiel 1: a teacher, modern line icon, cute young character avatar, smiling, icon design, minimalistic, black line on white background

You
create an image "a teacher, modern line icon, cute young character avatar, smiling, icon design, minimalistic, black line on white background"

ChatGPT

Here is the image of a modern line icon representing a teacher, designed as a cute, young character avatar, smiling and in a minimalistic style. The icon is created with black lines on a white background.

Is this conversation helpful so far?

Beispiel 2: a raccoon Franz Marc style

You
create an image "a raccoon Franz Marc style"

ChatGPT

Here is the image of a raccoon depicted in the style of Franz Marc, characterized by bold colors and abstract shapes.

Beispiel 3: cute young female sitting on a beach reading a book, photo realistic style

You
create an image "cute young female sitting on a beach reading a book, photo realistic style"

ChatGPT

Here is the image of a cute young female sitting on a beach, absorbed in reading a book. The scene is depicted in a photo-realistic style, highlighting the serene beach environment.

You
a little bit older female and more photo-realistic

ChatGPT

Here is the updated image, featuring a slightly older female sitting on a beach and reading a book, rendered in a more photo-realistic style.
